

## DYSPEPSIA OF WOMEN

### Special Treatment Required.

Many women suffer from a form of indigestion or dyspepsia which does not yield to ordinary treatment. While the symptoms are similar to those of ordinary indigestion, yet the medicines usually prescribed do not restore the patient's normal condition.

There seems to be a kind of dyspepsia caused by derangement of the female organism. While this appears to be the same as ordinary indigestion it can be relieved only by a medicine which, besides acting as a stomach tonic, is good for female ailments. Read what such a medicine did for Mrs. Williams:

She says:—"Before I began taking Lydia E. Pinkham's Vegetable Compound I was troubled with dyspepsia and bearing down pains in my back and sides, and after my meals my stomach would bloat up till I could scarcely get my breath. At times I was so weak I could hardly stand on my feet and I looked hollow-eyed and my skin was yellow. Now I have a good color, have gained in every way and can do my work without any pains. I think it is the best medicine on earth for stomach troubles of women."—Mrs. NELLIE WILLIAMS, 31 West 3d Street, New Albany, Ind.

and my skin was yellow. Now I have a good color, have gained in every way and can do my work without any pains. I think it is the best medicine on earth for stomach troubles of women."—Mrs. NELLIE WILLIAMS, 31 West 3d Street, New Albany, Ind.

### HEALDTON NEWS ITEMS.

Healdton, Okla., Oct. 9.—The coolest October thus far that this section has seen for some time.

Still dry and the water question is now getting to be quite serious in the stock water line. We hear of some few water wells drilling.

Activity in the oil fields seems to be growing. The field coming in to the south and southeast of us is reported to be a fine one and if water was to be had a good many rigs would soon be drilling.

With the extension of this field and

## SAVES DAUGHTER

### Advice of Mother no Doubt Prevents Daughter's Untimely End.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months."

I cannot tell you how I suffered with my head, and with nervousness and womanly troubles.

Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me.

At last, my mother advised me to take Cardui, the woman tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing.

I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health."

If you suffer from any of the ailments peculiar to women, get a bottle of Cardui today. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years.

At all druggists.

## The Right Number

WHEN you go out to make a call in person, you always assure yourself that you have the right address.

In making a telephone call, it saves a lot of time and bother, to be sure of the number.

The absolutely sure way is to first consult the telephone directory—not trusting to memory—and then to listen carefully when the operator repeats back to you the number, correcting her if she is wrong.

When you get the wrong number, it is always well to remember that the person called to the telephone by mistake is never at fault and should be treated with the utmost courtesy.

YOUR TELEPHONE IS A  
LONG DISTANCE STATION

the Fox field, north of us coming in, one will have to admit that Carter county is going to boom, and boom big.

The long mule teams working on the new pipe line are quite a curiosity to many. Ten and twelve mules to a load of pipe.

We see a good many passing every day to and from the fields.

Our school started Monday last with a good enrollment.

Prof. Miller and wife are teaching and thus far they are giving the best of satisfaction.

Cotton is about all out and sold.

Two dry for early fall plowing.

A good many of the A. F. & A. M. are in town, as today is the regular meeting day.

Health is generally good.

Plenty of dust.

## U. S. SUPREME COURT OPENS TOMORROW

RECEPTION OF NEW ASSOCIATE JUSTICE ADDS UNUSUAL INTEREST — THIRD JUDGE APPOINTED BY WILSON.

Washington, Oct. 9.—Reception of a new associate justice, John H. Clarke, of Cleveland, O., adds unusual ceremony, observing century-old precedent, in the opening tomorrow of the 1916-17 term of the supreme court.

A full bench for the first time in almost a year will sit to hear an array of cases of national and international importance. Justice Clarke was appointed last summer to succeed former Justice Hughes. The new justice, the third appointed by President Wilson, was formerly federal district judge in Ohio and will take his oath of office tomorrow. He will be seated at the extreme left of Chief Justice White.

No opinions are to be given tomorrow by the court. The first decisions are expected next Monday. In the absence of President Wilson from Washington, the justices will forego their usual visit to the White House to notify the chief executive that the court has reassembled. Motions, however, will be received tomorrow and arguments will begin Tuesday on many cases specially assigned for immediate hearing.

More than 700 cases await disposition. About 200 have been filed since court adjourned last June. Many government anti-trust dissolution suits under the Sherman law, entailing probable new interpretations of that act, are to be argued during the coming term. Of first importance among them are the government's suits against the so-called Harvester, Steel, Coal, Moving Pictures, Kodak, Hill Posters, Shoe Machinery and Great Lakes Towboat "trusts."

Argument is expected during the week on the first of these—the federal attack against the alleged anthracite monopoly of the Reading, Lehigh Valley, Central of New Jersey and other railroads. The government lost the cases in the lower courts, as it did the dissolution suit against the

## The Triumphal March of

A NEW CREATION OF SCIENCE AND NATURE

WHEN we announced Bevo recently, our hopes were high. We knew that we had the most unusual soft drink that had ever been offered: A beverage combining the nutritive extracts of wholesome cereals, the zest of Saazer Hops, a flavor all its own, and absolute purity. We knew this because, true to our own ideals, we had experimented for years before we were satisfied to say, "We offer you Bevo—it is a different soft drink—it is good and it is good for you."

High as were our hopes for its reception, we have realized them far and beyond our expectations.

Bevo today is an established popular success. Everywhere the same question is asked:—"Have you tried Bevo?"

Now, one final word. We promise you that, in accord with the known principles of Anheuser-Busch and all its products, Bevo not only will forever maintain its present high standard of quality, but as time goes on our great endeavor shall be to make this soft drink even more perfect in every detail of its goodness.

You will find Bevo at inns, restaurants, groceries, department and drug stores, picnic grounds, baseball parks, soda fountains, dining cars and other places where refreshing beverages are sold.

Guard against substitutes. Have the bottle opened in front of you, first seeing that the seal is unbroken and that the crown top bears the Fox.

United States Steel Corporation, which will be reviewed later.

Europe's war also has brought new questions before the court. The first is over possession of the British liner *Appam*, brought into Norfolk by a German prize crew and ordered by Federal Judge Waddell returned to the British owners.

A case of special interest to railroads, to be re-argued, is over the so-called "railway mail pay adviser" suits, to determine a basis for computing compensation for transportation of mails.

The court now has under advisement, with decisions expected shortly, cases testing constitutionality, for the first time, of workmen's compensation laws, and their application, of Washington, New York, Iowa and New Jersey.

Other cases in which opinions are pending involve validity of Missouri's "short haul" clause, prohibiting railroads from charging higher freight rates for a short than longer haul; application of Massachusetts and Texas foreign corporations excise tax laws; power of federal judges to suspend sentences in criminal cases, and Pennsylvania suits against railroads for heavy damages for failure to deliver cars to shippers.

While the court opens its new term with more than 700 cases upon its

docket, and approximately one year behind in its work, much greater speed in disposing of cases is expected. A new law enacted just before congress adjourned, it is believed, will reduce the number of cases heard by the court by from 25 to 33 per cent. This law will cut off appeals in bankruptcy, employers' liability and cases from the Philippines, together with many from state courts, except with consent of the higher court, instead of at the option of the lower courts or litigants as at present. It does not, however, curb the court's power to order review of any case. The new law also adds another week to the supreme court term, requiring that it convene the first instead of the second Monday in October, and limits filing of appeals to the high court to three months instead of allowing two years, as at present.

### U. S. Marines Take Charge of Count.

Managua, Nicaragua, Oct. 9.—To proud to beg, and finding himself on the verge of starvation because of the impoverishment of his noble family in Europe, Count Franz Lazarini, a remittance man well known in Central America, went to a jungle near here and kept himself alive for five months by eating monkey flesh, and roots and berries.

A party of United States Marines

while on a big game hunting expedition discovered the titled foreigner and brought him back to the capital. The count, half starved and nearly mad because of the privations he had suffered, fought his rescuers and begged them to let him remain in the jungle. The Marines overpowered him however, and are now attempting to nurse him back to health and reason at their commodious barracks in the American legation.
